

# DRUSEIDT – TECHNICAL DATASHEET

## Part Number: 02720

PE / N Busbar (Nickel-Plated Brass)

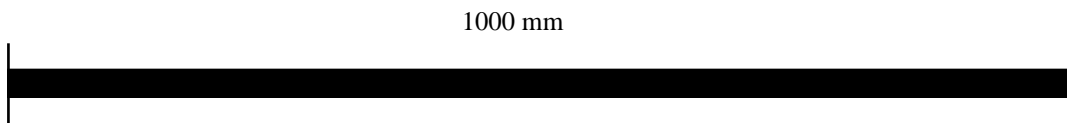

High-quality neutral (N) and protective earth (PE) busbar designed for industrial electrical distribution systems. Manufactured from nickel-plated brass to ensure excellent conductivity and corrosion resistance.

Parameter	Specification
Manufacturer	Paul Druseidt GmbH & Co. KG
Part Number	02720
Length	1000 mm
Material	Brass, nickel-plated
Cross-section	15 x 3 mm
Thread Type	M4
Hole Spacing	Approx. 9.5 mm
Application	PE / N distribution

### Standards & Compliance

- RoHS compliant
- Suitable for industrial panel building applications
- Flame-resistant materials (typical for brass components)

### Mechanical Illustration (schematic)

M4 threaded holes (approx. spacing shown)

### Ordering Information

Order Number: 02720

Description: PE/N Busbar, 1000 mm, nickel-plated brass
